

ATS Corporation Awarded \$3.1 million U.S. Coast Guard Contract

MCLEAN, VA – (BUSINESSWIRE) – March 18, 2008, ATS Corporation (“ATSC” or “the Company”) (OTCBB:ATCT), a leading information technology company that delivers innovative technology solutions to government and commercial organizations, today announced the award of a new contract with the U.S. Coast Guard, valued up to \$3.1 million for continued technical and administrative support services for the National Maritime Center’s Regional Examination Centers.

The U.S. Coast Guard awarded ATSC a 10-month contract to continue providing administrative and technical review skills in support of the National Maritime Licensing and Documentation Program. This contract supports 13 of the 17 Regional Examination Centers located around the country. Potomac Management Group, a company acquired by ATSC in 2007, has been the incumbent contractor since 2004. Professional mariners are required to have official credentials while employed on or operating U. S. registered commercial vessels. Contract support is provided to assist in efficiently processing mariner applications for Merchant Mariner Documents, licenses, Certificates of Registry, and Standards of Training, Certification, and Watchkeeping endorsements. This award is one of several contracts for ATSC related to the National Maritime Licensing and Documentation Program at the U. S. Coast Guard National Maritime Center’s Martinsburg, West Virginia location.

“We are proud to have been selected to continue our relationship with the Coast Guard in providing credentialing services for the National Maritime Center,” commented Joe Mignogna, ATSC Senior Vice President for DoD and Homeland Security. “As the Coast Guard continues to consolidate operations in Martinsburg, West Virginia, our long term relationship with the Center and our programmatic knowledge will ensure successful transitions and continued first-rate support for the mariners”.

About ATS Corporation

ATS Corporation is a leading provider of software and systems development, systems integration, IT infrastructure and outsourcing, information sharing, and consulting services to government and commercial organizations. Since its founding in 1978, ATS has been recognized for its custom software development and software integration capabilities and its deep domain expertise in federal government financial, human resource and data management systems.

Any statements in this press release about future expectations, plans, and prospects for ATSC, including statements about the estimated value of the contract and work to be performed, and other statements containing the words “estimates,” “believes,” “anticipates,” “plans,” “expects,” “will,” and similar expressions, constitute forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: our dependence on our contracts with federal government agencies for the majority of our revenue, our dependence on our GSA schedule contracts and our position as a prime contractor on government-wide acquisition contracts to grow our business, and other factors discussed in our latest annual report on Form 10-K filed with the Securities and Exchange Commission on March 17, 2008. In addition, the forward-looking statements included in this press release represent our views as of March 18, 2008. We

anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements at some point in the future, we specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing our views as of any date subsequent to March 18, 2008.
